Our family was asked by the Webster County Woodchopping committee to take the race over in 2009 after they decided to rename it after my late grandmother, Ginger Fletcher. She passed away December 3, 2008, following a brief illness and routine procedure. However, she had suffered from MS (Multiple Sclerosis) for about 30 years.

Any of you who knew her, knew she loved to run! She participated in this race numerous times over the years and loved every minute of it. Most of all, I think she loved to see the kids she had taught in school or coached in track participate in it. She loved to teach and coach, and even after passing continued to do so by the donation of her body to West Virginia University.

She was one very special lady in our lives and everyone's life that she touched. We ask you now to come and help us celebrate her life by participating in this year's Webster County Woodchopping Festival "*Ginger Fletcher Memorial 5K Run*", and enjoy this year's festival and all of it's activities!
